Professional Experience

SystemBase, Team Leader

Jul 2023 – Jan 2024 | Tangier, Morocco

My experience at SystemBase allowed me to test new ISPs (Internet Service Providers), solve filter issues, enhance my teamwork skills, and improve problem-solving abilities.

AccuraSoft, Final training internship

Apr 2023 – Apr 2023 | Fez, Morocco

I embarked on a project with AccuraSoft in Fez, using the Laravel framework and Bootstrap, along with HTML and CSS languages, to develop a web application that allows users to submit their needs via an input field, and then use the ChatGPT-3.5 API to suggest corresponding services.

Hotel Mandarin Palace, Internship in digital marketing

Jan 2024 – Mar 2024 | Tangier, Morocco

I have learned several key aspects during my internship in digital marketing, including social media management, SEO (Search Engine Optimization), SMM (Social Media Marketing), Google Analytics, affiliate marketing, video marketing, and content marketing.

Projects

ABC Book, Personal project

Jul 2023 – Jul 2023

Application Purpose:

The "Web Book" web application is a simple web application whose main purpose is to facilitate book management within a library, satisfying needs in an easy, straightforward, and rapid manner.

Design and Modeling:

UML, D.D. Gantt

Technologies Used:

HTML5, CSS, Laravel-Admin, Bootstrap

Development Tools:

Visual Studio Code, Laragon

Database:

MySQL

Employee Management, Projet fin Formation

May 2023 – May 2023

Application Purpose:

The purpose of the application is to manage attestations and leave requests for a company specializing in digital marketing.

Design and Modeling:

UML, D.D. Gantt, Agile Method
